Object: Becoming a Partner at the UNEP GLOBAL MERCURY PARTNERSHIP

Dear Sir,

HWE would be very pleased to participate to UNEP GLOBAL MERCURY PARTNERSHIP, given the fact that its members operate hazardous waste treatment installations including treatment processes for the treatment of Mercury waste.

HAZARDOUS WASTE EUROPE (HWE), which was established in April 2011, so far represents more than 150 hazardous wastes treatment installations in Europe operating a wide variety of processes and having a total treatment capacity of 4,5 million tons per year. The objective of HWE is exchanging technical and operational information about hazardous waste treatment, disposal or recovery with international, European or national institutions as well as NGOs and consulting firms and promoting high quality processes for the treatment of hazardous waste, environmental protection, human health and safety of workers in the regulatory evolution.

Hoping that our application will be of interest to you,

Yours sincerely,

Alain Heidelberger
HWE General Secretary
