

# Non Mercury techniques

# Solutions Being Introduced

# Gravimetric separation

# Classic cyanidation

# Improved Cyanidation

# **BUT NO mercury – cyanide Combination**

- **Enhanced transport**
- **Enhanced bio-availability**
- **Enhanced volatility**
- **Inefficient**

# Other techniques

- **Magnetic sluice (Cleangold)**
- **Chemical methods (e.g. Igoli of Mintek)**
- **New development**
