

## UNITED NATIONS ENVIRONMENT PROGRAMME MEDITERRANEAN ACTION PLAN

18 March 2016 Original: English

82<sup>nd</sup> Meeting of the Bureau of the Contracting Parties to the Convention for the Protection of the Marine Environment and the Coastal Region of the Mediterranean and its Protocols

Athens, Greece, 19-20 April 2016

Agenda Item 3: Progress Report for January-February 2016

Progress report by the Secretariat on the implementation of COP 19 Decisions

For environmental and cost-saving reasons, this document is printed in a limited number. Delegates are kindly requested to bring their copies to meetings and not to request additional copies.

## PROGRESS OF THE IMPLEMENTATION OF COP 19 DECISIONS

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Adopts the UNEP/MAP Mid-Term Strategy 2016-2021 (hereinafter referred to as "the MTS") as contained in the Annex to this Decision, as the framework for the development and implementation of the Programme of Work of UNEP/MAP;	GREEN								
Decision IG.22/1 UNEP/MAP Mid-	<i>Urges</i> partner organizations to collaborate and support the implementation of the MTS, ensuring synergy, harmonization of efforts, and optimization of the use of resources;	GREEN								
Term Strategy 2016-2021	Requests the Secretariat to maximize efforts for the implementation of the MTS in an integrated manner and for the mobilization of adequate resources through the updated Resource Mobilization Strategy for 2016-2017 (Annex II of the Decision), in cooperation with Contracting Parties and partner organizations;	YELLOW								
	<b>Requests</b> the Secretariat to prepare for adoption at COP 20 a new, comprehensive Resource Mobilization Strategy corresponding to the period of the MTS;	ORANGE								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Requests also the Secretariat to monitor and report on the MTS implementation on the basis of each biennial Programme of Work as adopted by the Conference of the Parties, highlighting the contribution of the Programme of Work to the achievement of the MTS objectives and strategic outcomes for information and possible adaptations of the Strategy, as appropriate;	YELLOW								
	Requests the Secretariat to launch an independent evaluation of the MTS implementation in 2020 for the consideration of COP 22 in 2021, with special emphasis on the interlinkages with the objectives of the MSSD 2016-2025 and the UNEP/MAP EcAp-based Ecological Objectives.	ORANGE								
	Adopts, as a strategic guiding document for all stakeholders and partners to translate the 2030 Agenda for Sustainable Development at the regional, sub-regional and national levels, the Mediterranean Strategy for Sustainable Development (MSSD) 2016-2025 as contained in the Annex to this Decision;	GREEN								
Decision IG.22/2 Mediterranean Strategy on Sustainable Development	Encourages Contracting Parties to reflect as appropriate the objectives, strategic directions and actions set out in the MSSD 2016-2025 into national strategies for Sustainable Development, bearing in mind the importance of the integrated and sustainable approach to development provided by the MSSD for achieving the protection of the marine and coastal environment;	GREEN								
2016-2025	Invites countries to use the MSSD 2016-2025 as a Framework for further integrating sustainable development into their national policies and building horizontal synergies between different government sectors and vertical synergies between different levels of government from local to central and vice versa;	GREEN								
	Encourages the Contracting Parties to ensure adequate support, full visibility and wide dissemination of the MSSD 2016-2025 at all levels;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Invites international organizations, initiatives and programmes working in the field of Sustainable Development in the Mediterranean to contribute to the implementation of the MSSD 2016-2025 and streamline its priorities in their work and commitments;	GREEN								
	<i>Calls</i> on all Mediterranean stakeholders to contribute to the implementation of the MSSD 2016-2025;	GREEN								
	<b>Requests</b> the MCSD to carry out a mid-term review of the status of implementation of the MSSD 2016-2025 at regional and national level and report the results to COP 21;	ORANGE								
	<b>Requests</b> the Secretariat to support the implementation of the MSSD 2016-2025.	YELLOW								
Decision IG.22/3 Mediterranean	Adopts the Mediterranean Offshore Action Plan in the framework of the Offshore Protocol contained in the Annex to this Decision;	GREEN								
Offshore Action Plan in the	<i>Urges</i> the Contracting Parties to take the necessary measures to implement the Action Plan in a timely manner;	GREEN								
framework of the Protocol for the Protection of the Mediterranean	<i>Urges</i> all the Contracting Parties that have not yet done so, to ratify the Offshore Protocol, as soon as possible, and adopt legislation for its implementation, and to cooperate to ensure compliance with its provisions;	GREEN								
Sea against Pollution resulting from Exploration and Exploitation of the Continental Shelf and the Seabed and its Subsoil	Requests the Secretariat to provide technical support to the Contracting Parties and mobilize adequate human and financial resources in cooperation with international bodies, including inter alia the United Nations Environment Programme (UNEP), the International Maritime Organization (IMO) and the International Seabed Authority (ISA), as well as European institutions and other relevant actors, including the oil and gas industry, to assist Mediterranean coastal States in carrying out the obligations arising from the Offshore Protocol.	ORANGE								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	16			201	17	
DECIDION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Adopts the Regional Strategy for Prevention of and Response to Marine Pollution from Ships (2016-2021), hereinafter referred to as "the Regional Strategy (2016-2021)", contained in the Annex to this Decision;	GREEN								
	Urges the Contracting Parties to continue strengthening and accelerating their efforts in implementing the 2002 Prevention and Emergency Protocol, through the Regional Strategy (2016-2021);	GREEN								
	Encourages the Contracting Parties, wherever possible, to conduct national and sub-regional activities in support of the objectives of the Regional Strategy (2016-2021);	GREEN								
Decision IG.22/4 Regional Strategy for Prevention of	<b>Requests</b> the Secretariat to explore opportunities for further cooperation or synergy with regional and international organisations, bilateral and multilateral cooperation agencies, and other relevant actors, including the oil and gas industry;	YELLOW								
and Response to Marine Pollution from Ships (2016- 2021)	Requests the Secretariat (REMPEC) to provide assistance to Mediterranean coastal States in the context of implementing the Regional Strategy (2016-2021), aligning its priorities to those approved within the framework of sectorial Regional Strategies and Action Plans, such as the Mediterranean Strategy on Ships' Ballast Water Management (the BWM Mediterranean Strategy) and the Mediterranean Offshore Protocol Action Plan and other relevant developments at the global level, such as the institutionalisation of the International Maritime Organization (IMO) Member State Audit Scheme (IMSAS) and to collaborate with relevant organisations, such as the European Maritime Safety Agency (EMSA), on current and future initiatives;	ORANGE								
	<i>Urges</i> Contracting Parties and partners including industry to contribute adequate human and financial resources for a full and effective implementation of the Regional Strategy (2016-2021).	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Adopts the Action Plan on Sustainable Consumption and Production in the Mediterranean (herein after referred to as "Action Plan") contained in the Annex to this Decision including the corresponding Roadmap for implementation, as a substantive contribution to the implementation of the 2030 Agenda for Sustainable Development;	GREEN								
Decision IC 22/5	Strongly encourages the Contracting Parties to mainstream SCP in national and local development policies, according to national laws in order to implement the Action Plan at the national and local levels, ensuring enabling conditions, policy coherence and promotion of synergies among national stakeholders and understanding the need to support member countries in the implementation through capacity building and technology transfer;	GREEN								
Decision IG.22/5 Regional Action Plan on Sustainable Consumption and Production in the Mediterranean	<b>Requests</b> the Coordinating Unit and the MAP components, to ensure the coordinated delivery of regional actions in support of the countries' efforts, including through technical assistance, capacity building and transfer of know-how and technology programme, upon request and subject to availability of funds;	YELLOW								
Mediterranean	Requests UNEP/MAP in cooperation with relevant international and regional organisations, to prepare specific SCP guidelines, taking into account as appropriate existing guidelines, to support and facilitate the implementation of the actions provided for in the Action Plan that fall under the competences and scope of action of the MAP/Barcelona Convention;	ORANGE								
	Encourages relevant international organizations and in particular the Union for the Mediterranean (UfM), intergovernmental organizations, donor agencies, industry, non-governmental organizations, business organizations and academic institutions to support the implementation of the Regional Action Plan and streamline its priorities in their work;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			201	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Encourages the Contracting Parties to also include information on measures taken implementing the Action Plan in the relevant sections of their reporting under the Barcelona Convention and its Protocols;	GREEN								
	<b>Requests</b> the Coordinating Unit in coordination with SCP/RAC to undertake in 2020 an indicator-based midterm evaluation of the Action Plan implementation for submission to COP 21.	ORANGE								
	Endorses the Regional Climate Change Adaptation Framework (herein after referred to as "the Framework"), contained in the Annex to this decision, as a contribution to the Mid-Term Strategy in particular to the Core and Cross- cutting themes on Land-Sea interaction and Processes and Cross-Cutting themes ICZM and Climate Change Adaptation;	GREEN								
Decision IG.22/6 Regional Climate	Urges the Contracting Parties to further elaborate the Framework and translate it into actions making use of existing and new strategic instruments of the MAP system and in coherence with the legal and policy framework;	GREEN								
Change Adaptation Framework for the	<i>Urges</i> the Contracting Parties to take into account and address the Framework in particular in their national and local ICZM and climate change adaptation strategies and plans;	GREEN								
Mediterranean Marine and Coastal Areas	Encourages all relevant intergovernmental organizations, donor agencies, industry, non-governmental organizations and academic institutions to support the Framework including funding as appropriate;	GREEN								
	Requests the Secretariat to include appropriate measures for climate change adaptation in the new comprehensive Resource Mobilisation Strategy being prepared for COP 20 in accordance with Decision IG.22/4, which would include identification and mobilisation of external resources to support Contracting Parties in enhancing their capacity and effectively face the challenges of climate change adaptation in the marine and coastal environment.	ORANGE								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status			)16			201		
	Adopts the Integrated Monitoring and Assessment Programme of the Mediterranean Sea and Coast and Related Assessment Criteria (IMAP), as presented in Annex to this decision;	GREEN	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
Paginian IC 22/7	Takes note of the Integrated Monitoring and Assessment Guidance as presented in UNEP(DEPI)/MED IG.22/Inf.7 and requests the Secretariat and the Correspondence Groups on Monitoring to work on its refinement, during the initial phase of IMAP, especially in relation to scales of assessment, specification and further quantification of GES, and further development of the candidate indicators;	ORANGE								
Decision IG.22/7 Integrated Monitoring and	<i>Takes into account</i> the different monitoring capacities of the Contracting Parties and the need for capacity building and technical assistance for implementation;	GREEN								
Assessment Programme of the Mediterranean Sea and Coast	Urges the Contracting Parties, with the support of the Secretariat, to update their national monitoring programmes in light of the new elements of IMAP and report regularly quality assured data;	GREEN								
Sea and Coast and Related Assessment Criteria	Encourages the Contracting Parties to undertake, when appropriate, joint monitoring initiatives on a pilot basis, with the aim to exchange best practices, use harmonized methodologies, and ensure cost efficiency;	GREEN								
	Encourages the Contracting Parties to support and take part in regional initiatives and projects lead by competent partner organizations that will contribute to the implementation of the initial phase of the IMAP in order to strengthen strategic and operational regional synergies;	GREEN								
	Requests the Secretariat to work further with relevant partner organizations, in order to strengthen technical support that countries might need to implement IMAP and integration in IMAP of the Ecological Objectives that are not yet included in its initial phase.	ORANGE								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	16			201	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Endorses the NAPs 2016-2025 as unique policy documents comprising legally binding programmes of measures and timetables required to achieve GES and the Regional Plans/LBS Protocol objectives in the framework of SAP-MED.	GREEN								
Decision IG.22/8 Implementation of Updated National Action Plans (NAPs),	Urges the Contracting Parties to implement NAPs, strengthen the coherence between NAP programmes of measures and other national policies, foster conditions for their long-term sustainability, and report on their implementation in the framework of Article 13 of the LBS Protocol;	GREEN								
Containing Measures and Timetables for their Implementation	Urges partners, international organisations in particular GEF and UfM and financial institutions to support implementation of NAPs through available mechanisms, facilities and programmes to contribute to the objective of achieving GES in the Mediterranean;	GREEN								
	<b>Requests</b> the Secretariat (MED POL) to undertake in 2020 an indicator-based midterm evaluation of the NAPs implementation based on the existing reporting system and in close collaboration with the Contracting Parties for submission to COP 21.	ORANGE								
Decision IG.22/9 Guidelines on Best Environmental	Adopts the Guidelines on best environmental practices for the management of mercury contaminated sites, hereinafter referred to as the Guidelines, which are contained in the Annex to this decision;	GREEN								
Practices (BEP) for the Environmental Sound	Urges the Contracting Parties to take the necessary measures to ensure the ESM of Mercury contaminated sites including at least the old mines and decommissioned chloralkali plants are in line with the Guidelines;	GREEN								
Management (ESM) of Mercury Contaminated Sites	Urges the Contracting Parties to report on the implementation of the Regional Plan, including the measures related to the Guidelines, by the end of 2016 in order for COP 20 to review them as provided for in Article 6 of the Regional Plan;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Encourages all Contacting Parties to ratify the Minamata Convention on Mercury to further demonstrate the Mediterranean region commitment to prevent, reduce, eliminate and manage in an environmental sound manner mercury inputs and waste;	GREEN								
	Requests the Secretariat (MED POL and SCP/RAC) to facilitate the work of the Contracting Parties for the implementation of the Guidelines, making efforts to ensure synergies with the relevant work under the Minamata Convention on Mercury, and collaboration with the Union for the Mediterranean (UfM) H2020.	YELLOW								
	Adopts the Fishing for Litter Guidelines in accordance with Articles 9(6) and 10(e) of the Regional Plan as contained in Annex I to this Decision;	GREEN								
Decision IG.22/10 Implementing the Marine Litter Regional Plan in the Mediterranean (Fishing for Litter	Adopts the marine litter baseline values contained in Annex II to this Decision against which the implementation of Regional Plan programmes of measures should be assessed for indicative purposes, taking into account that such values will be subject to periodic adjustment based on additional new data coming from the implementation of National Marine Litter monitoring programmes as well as their specification where appropriate at sub regional and/or national levels;	GREEN								
(Fishing for Litter Guidelines, Assessment Report, Baselines Values, and Reduction	Adopts, without prejudice to relevant existing or to be adopted stricter reduction and prevention targets, a basinwide marine litter reduction target of 20% of beach litter by 2024 and a significant and measurable decrease of other marine litter items as contained in Annex III to this Decision;	GREEN								
Targets)	Takes note of the updated Marine Litter Assessment Report prepared by the Secretariat (MED POL) (Information document UNEP(DEPI)MED IG.22/Inf.9) in accordance with Article 11(e) of the Regional Plan as the first Marine Litter Assessment after the entry into force of the Regional Plan;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Strongly encourages the Contracting Parties to take the necessary measures to implement the Regional Plan in a timely manner considering as appropriate measures related to micro-plastic; and submit a report on measures taken by 2017 for the considerations of COP 20	ORANGE								
	<i>Invites</i> all Contacting Parties to join and contribute to the Global Marine Litter Partnership led by UNEP;	GREEN								
	Requests the Secretariat (MED POL, REMPEC and SCP/RAC) to facilitate the work of the Contracting Parties for the implementation of the Regional Plan and ensure for this purpose strong synergies and regular coordination with other regional organizations working on marine litter in the Mediterranean, with special emphasis on regional processes of adjacent marine regions such as the Black Sea Commission and OSPAR.	YELLOW								
	Takes note of the report on the Mid-term Evaluation of the Action Plan for the implementation of the ICZM Protocol for the Mediterranean (2012-2019) as contained in the Annex to this Decision;	GREEN								
Decision IG.22/11 Mid-term Evaluation of the	<i>Urges</i> the Contracting Parties that have not yet done so, to ratify the ICZM Protocol as early as possible with the view to ensuring its entry into force for the entire Mediterranean Region within the Action Plan timeframe;	GREEN								
Action Plan for the Implementation of the ICZM Protocol for the	Invites the Contracting Parties to prepare national strategies for ICZM in order to scale up ICZM as the strategic option for sustainable development of their coastal zones and to reach the objective of having national strategies for ICZM adopted by all countries within the Action Plan time frame;	GREEN								
Mediterranean (2012-2019)	Requests the Coordinating Unit and PAP/RAC to develop a new cycle of CAMP projects that will take into account the recommendations of the report on the Assessment of CAMP Projects, especially with regard to embedding the projects into national policy frameworks, extending them to the marine part of the coastal zone, and making of them a privileged space of integration of all UNEP/MAP components work;	ORANGE								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	<i>Invites</i> the Secretariat to ensure consideration of land-sea									
	interactions and integration of terrestrial and marine									
	planning and management in respect of the ecosystem									
	integrity and their vulnerability to climate change impact	YELLOW								
	and with the aim to contribute to the implementation of the									
	ICZM Protocol and its Action Plan and to reaching the									
	EcAp-based Ecological Objectives of UNEP/MAP;									
	<i>Invites</i> the Secretariat to assess the effectiveness of the									
	Action Plan in ensuring the ecosystem integrity and achieve									
	the objectives of EcAp-based ecological objectives of									
	UNEP/MAP, to assess the need for its revision, and to	<b>ORANGE</b>								
	define a common regional framework for ICZM including									
	climate change issues as appropriate (article 17 of the									
	ICZM Protocol) for consideration at COP 20;									
	Calls upon the Coordinating Unit and PAP/RAC to									
	strengthen the governance mechanisms for ICZM by									
	establishing an official network of CAMP and CAMP-like									
	projects to facilitate exchange of experience and good	ORANGE								
	practices, cross-border cooperation and mutual assistance in									
	implementing ICZM according to the principles and									
	objectives enounced in the ICZM Protocol.

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Requests the Secretariat, in accordance with Rule 5 paragraphs 1 and 3 to invite and involve as observers other UN bodies active in the Mediterranean, inter alia UNDP (RBAS and RBEC), UN-HABITAT, UNIDO, GFCM, FAO, UN ESCWA, UN WTO, UNECE, UNECA, UNESCO and the World Bank. Additionally, it should be considered to involve representatives of youth organizations to MCSD as observers;	ORANGE								
	<b>Requests</b> the Secretariat to invite Palestine to attend future MCSD meetings as an observer;	ORANGE								
	Invites Contracting Parties to participate on a voluntary basis in a simple MSSD peer review process as described in Annex II of this Decision and requests the Secretariat to support this process;	ORANGE								
	<b>Encourages</b> MCSD Members to be more involved between meetings, participating in projects and actions to follow-up on the MSSD implementation, sharing good practices, knowledge transfer, and peer review, and enhance the visibility of the MCSD.	GREEN								
	Endorses the list of new MAP Partners attached as Annex I to this Decision;	GREEN								
D :: 10 22/10	Welcomes the cooperation agreement contained in Annex II of this Decision and invites the Secretariat of the Agreement on the Conservation of Cetaceans of the Black Sea, Mediterranean Sea and contiguous Atlantic Area (ACCOBAMS) to sign it;	GREEN								
Decision IG.22/18 Cooperation and Partners	Further <i>welcomes</i> the cooperation agreement contained in Annex III of this Decision and invites the Permanent Secretariat of the Commission on the Protection of the Black Sea Against Pollution (BSC PS) to sign it;	GREEN								
	Requests the Secretariat to initiate discussions with relevant regional and international organisations with the aim to optimise synergies and coordination on response and assistance in case of major accidental pollution in the Mediterranean; and	YELLOW								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	16			20:	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Requests the Secretariat to further expand the cooperation with regional and international organisations, bilateral and multilateral cooperation agencies, and other relevant actors, including the private sector, with a view to mobilising as many actors as possible in support of implementing in a coherent, synergistic and effective manner the priorities established by the Contracting Parties.	YELLOW								
	<i>Takes note</i> of the main elements of the Award process as contained in the Annex to this Decision;	GREEN								
	<b>Decides</b> to establish the Environment Friendly City Award to be conferred to Mediterranean coastal cities, and name it the "Istanbul Environment Friendly City Award";	GREEN								
Decision IG.22/19 Environment Friendly City Award	<b>Requests</b> the Secretariat, using extra budgetary resources, to finalize the procedure for the nomination and selection criteria, on the basis of the elements described in the Annex, and mechanisms for visibility, for consideration of the 2016-2017 Bureau for its approval, and grant the first award at COP 20;	ORANGE								
	<b>Welcomes</b> with appreciation the commitment of Turkey to finance the implementation of this award;	GREEN								
	<b>Encourages</b> city authorities to support and participate in the Award process, to promote sustainable urban development in the Mediterranean region.	GREEN								
	<i>Approves</i> the 2016-2017 Programme of Work and Budget set out in the Annex to this Decision;	GREEN								
Decision IG.22/20 Programme of Work and Budget 2016-2017	Approves the budget appropriations, as set out in Table 1. "Overview of income and commitments" of the Annex to this Decision, in the amount of EUR 11,413,577 for the Mediterranean Trust Fund and welcomes with appreciation the EU discretionary contribution of EUR 1,192,968 and the host country contribution of USD 800,000, inclusive of the amount set aside to cover the deficit in the Host Government Contribution account;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Welcomes with appreciation the in-cash and in-kind counterpart contributions by the Contracting Parties and other Organizations in support of the implementation of the 2016-2017 biennium Programme of Work;	GREEN								
	Approves the assessed 2016-2017 ordinary contributions from Parties shown in Table 2. "Expected Ordinary Income" of the Annex to this Decision, which reflects the 2016-2018 scale of assessment adopted by the UN General Assembly (UNGA) at its 70th Session on 23 December 2015 in Resolution A/RES/70/245 and confirms the importance of keeping the scale used for ordinary contributions up to date;	GREEN								
	Notes that the Secretariat, in consultation with the Executive Director of UNEP, rephased savings from 2015 to 2016, in order to cover the operational needs of the MAP system in the first months of 2016 within the expenditure limits as defined in this Programme of Work and Budget;	GREEN								
	Acknowledges, in this context, the importance of holding conferences of the Parties in advance of the start of the biennium, to ensure timely adoption of the Programme of Work and Budget;	GREEN								
	<b>Requests</b> the Executive Director of UNEP, in consultation with the United Nations Environment Assembly, to extend the Mediterranean Trust Fund through 31 December 2017;	GREEN								
	Approves the increase of the working capital reserve by EUR 25,000 in order to maintain it at the level of 15% of the annual expenditures, thus making its total EUR 856,000;	GREEN								
	Approves the staffing of the Coordinating Unit and MED POL for 2016-2017 as indicated in Table 4a. "Details of Salaries and Administrative Costs of the Secretariat" in the Annex to this Decision;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	Takes note of the staffing of REMPEC for 2016–2017 as indicated in Table 4b, "Details of Salaries and Administrative Costs of REMPEC" in the Annex to this Decision;	GREEN								
	Urges the Contracting Parties to pay their contributions to the MTF in accordance with Procedure 4.2 of the Financial Rules and Procedures to allow for the full and effective implementation of the Programme of Work;	GREEN								
	Requests the Secretariat to keep up to date information on the status of Contracting Parties' contributions to the Mediterranean Trust Fund and to post it in a publicly available place on the MAP website;	GREEN								
	Welcomes the loan of USD 170,000 provided by UNEP HQs to ease the cash flow of the Host Government Contribution account and requests the Secretariat to reimburse it as soon as practical and to continue implementing the Host Government Contribution account recovery plan as adopted by COP 17;	GREEN								
	Authorizes the Secretariat to use potential savings and the available balance under the MTF during 2016-2017 biennium, if any, within the expenditure limits as defined in this Programme of Work and Budget, to charge its operational costs until the Host Country contribution to the Host Government Contribution account is received from the Government of Greece, and to report on the charges made to the MTF fund to the Bureau;	GREEN								
	Welcomes the measures taken by Greece to make timely payments of its Host Country contributions;	GREEN								
	<i>Invites</i> the Contracting Parties to consider increasing their voluntary contributions to the MAP system in cash and/or in kind in order to further contribute to the implementation of the 2016-2017 Programme of Work;	GREEN								

COP 19 DECISION	OPERATIVE PARAGRAPH	Status		20	)16			20	17	
DECISION			Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
	<i>Urges</i> the Contracting Parties and other partners including industry to contribute adequate human and financial resources to meet the external funding requirements for priorities still unfunded under the 2016-2017 Programme of Work and Budget and to support the resource mobilization activities of the Secretariat;	GREEN								
	Asks the Secretariat, in consultation with the Bureau, to prepare for consideration and approval by COP 20 a result-based Programme of Work and Budget for 2018-2019, explaining the key principles and assumptions on which it is based and taking into account the progress achieved during the implementation of the 2016-2017 Programme of Work, and in full alignment with the MTS;	ORANGE								
	<b>Requests</b> the Secretariat, within available resources, to make an analysis of the synergies between all the existing databases and platforms within the MAP system, identify any options for improving their effectiveness and report to the 20th Meeting of the Contracting Parties;	ORANGE								
	<b>Requests</b> the Secretariat, in consultation with the Executive Director of UNEP, to take account of any decisions by the 2 <sup>nd</sup> Session of the UN Environment Assembly on the relationship between UNEP and multilateral agreements and to submit a report thereon to the 20th Meeting of the Contracting Parties.	ORANGE
