

Climate Change

Programme Performance Review
January – June 2018

**Supporting the move towards climate-resilient and
low emission development**

Overview of presentation

Medium Term Strategy 2018-2021

- 2030 vision aligned to SDGs
- Overall strategic direction

Programme of work 2018-2019

First biennial plan -
6 Month Performance

Programme of work 2020-2021

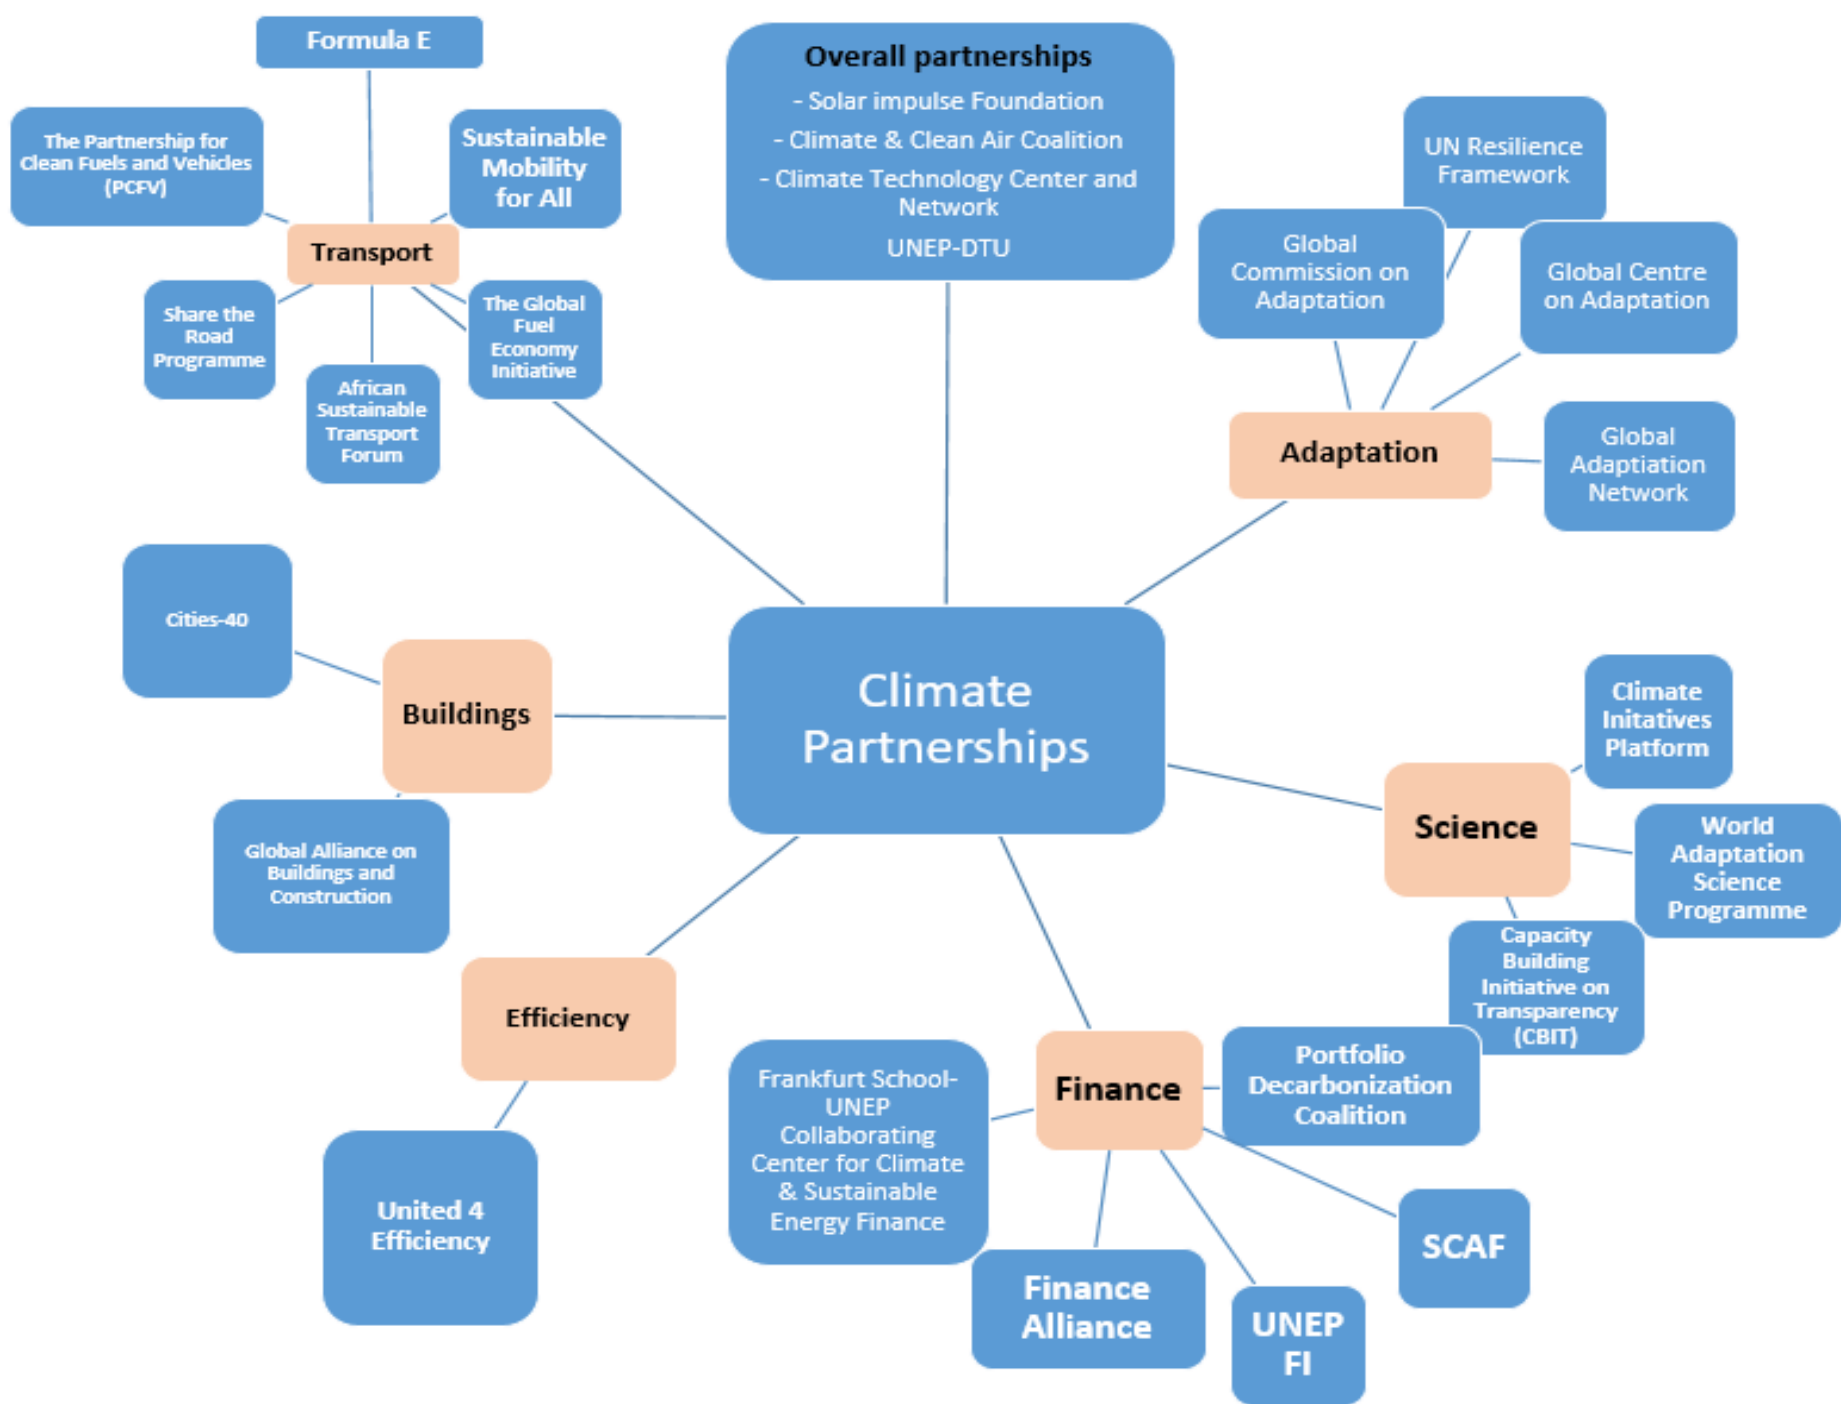

Second biennial plan -
revisions design

MTS 2018-2021

key changes since 2014-2017

- SDGs and Paris Agreement
- Increased focus on finance
- *EA(a) Adaptation*
 - *Institutional arrangements to coordinate adaptation plans*
 - *Technical capacity on ecosystem-based adaptation*
 - *Access to adaptation finance*
- *EA (b) Mitigation*
 - *Progress on low emission strategies*
 - *Mitigation finance*
- *EA (c) REDD+*
 - *Investments in forests*
 - *Social and environmental benefits*
- Growth in partnerships

Resolutions

- UNEA 1/8: Ecosystem-based Adaptation
- UNEA 2/6: Supporting the Paris Agreement
- UNEA 3/5: Innovative environmental solutions

Adaptation work moving well

Type of proposal	Proposals submitted to Green Climate Fund		Proposals Approved by Green Climate fund		Total Funds received	
	No of proposals	Total budget size (mUSD)	No of proposals	Total budget size (mUSD)	No of proposals	Total budget size (mUSD)
Readiness	33	14.1	20	6.8	16	3.1
National Adaptation Plans (NAPs)	21	48.4	7	20.6	6	4.3
Concept Notes	9					
Project Preparation Facility	7	5.5				
Full Funding Proposals	7	162.9	1	20.6	1	6.5
Total	77	230.9	28	48.0	23	13.9

Mitigation portfolio

- ~50 countries being supported to decarbonize
- Mitigation finance
 - GCF readiness support to 9 countries
 - Seed Capital Assistance Facility
 - Mediterranean Investment Facility
- PDC members with +800 billion
- Increasing focus on energy efficiency

Moving landscape finance commitments to investments (REDD+)

LAUNCH OF THE
INTERFAITH RAINFOREST INITIATIVE

\$11 billion in private sector investment commitment

first project deal (\$95million) in Indonesia

BNP PARIBAS

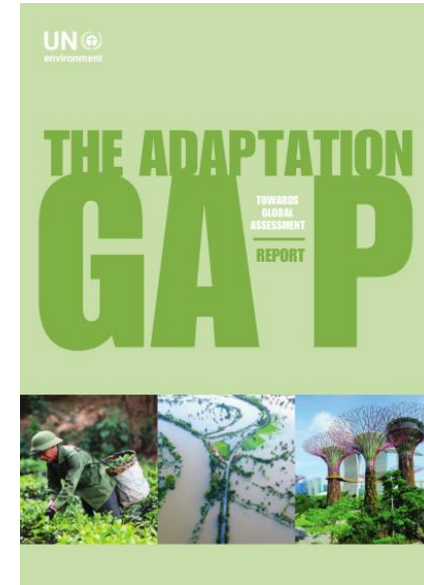

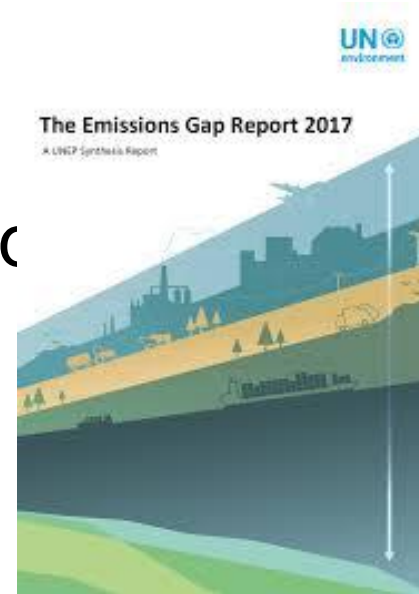

TLFF
TROPICAL LANDSCAPES FINANCE FACILITY

Enabling support

- Transparency
 - National communication
 - GHG inventories
 - Strategies and plans
- Knowledge
 - Flagship Reports
 - Partnerships

Capacity-Building Initiative for
Transparency (CBIT) Fund

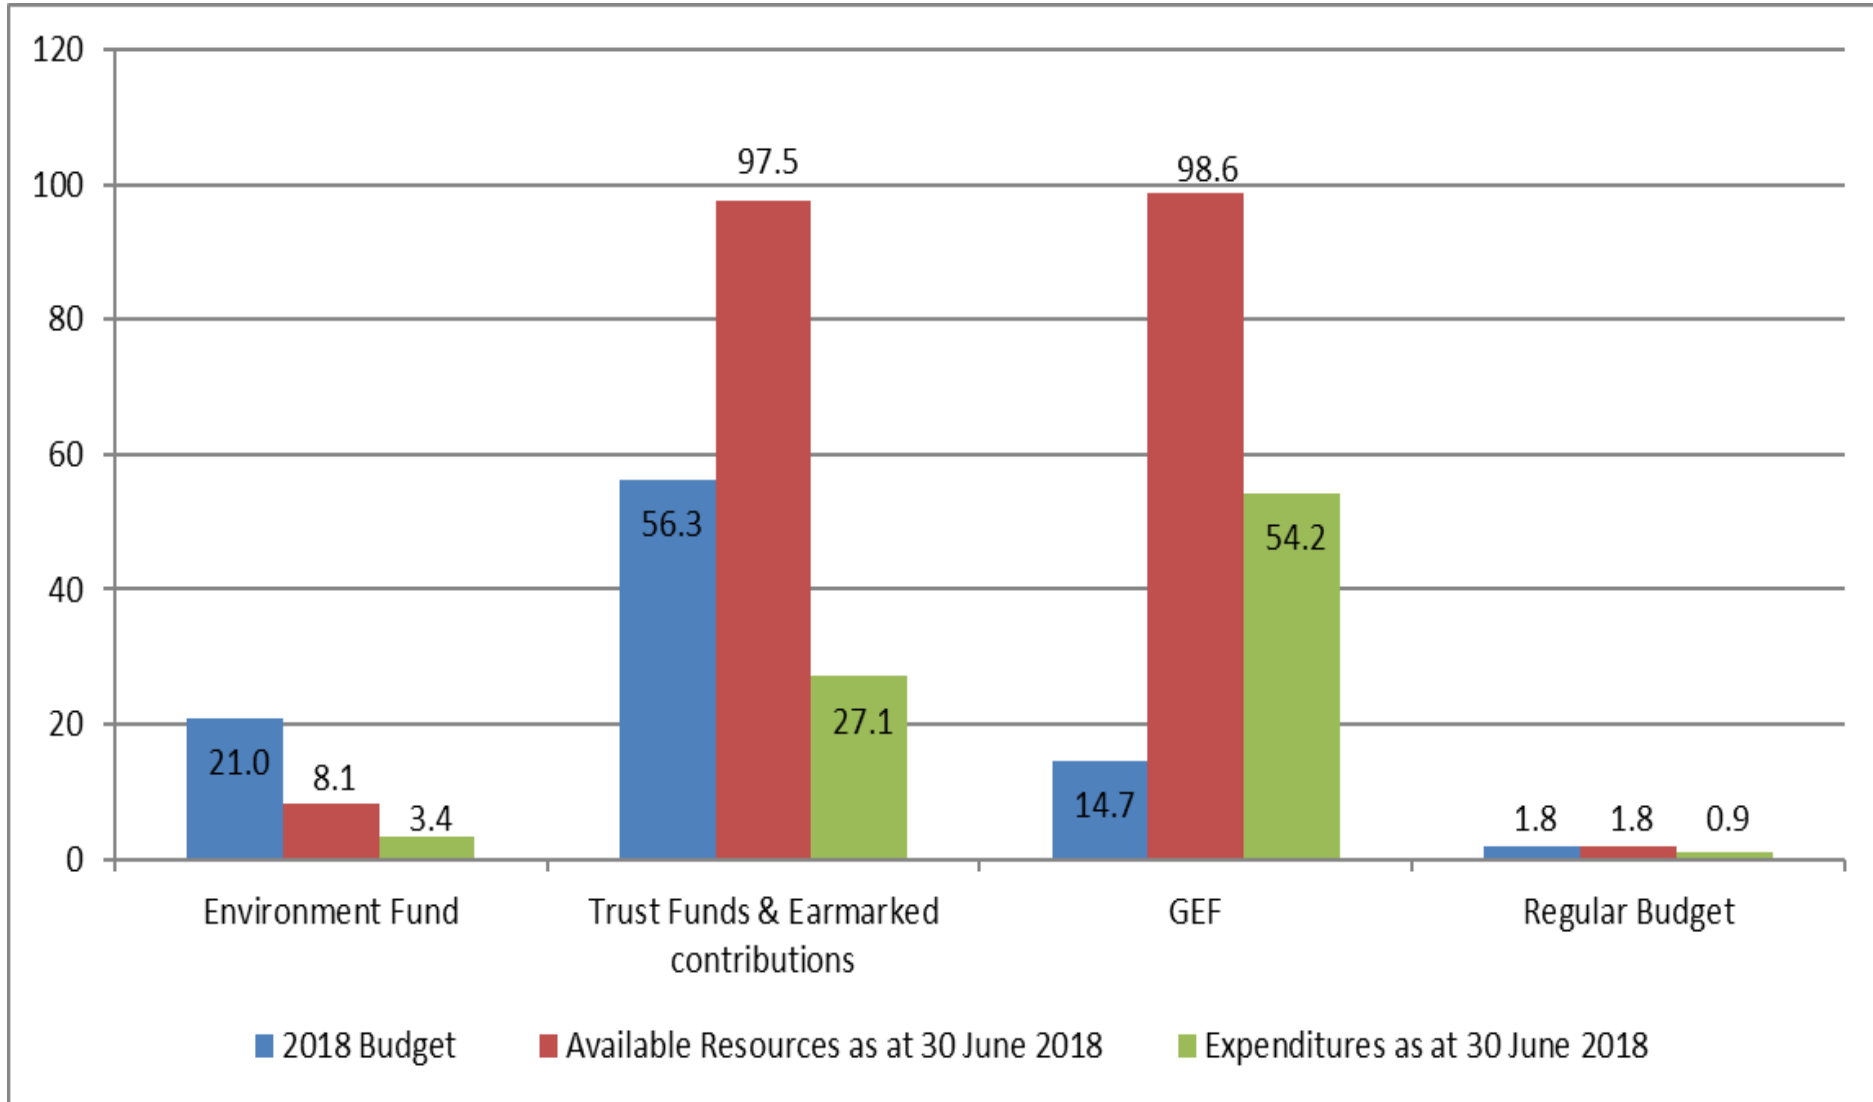

Frankfurt School
FS-UNEP Collaborating Centre
for Climate & Sustainable Energy Finance

Funding 2018-2019

Challenges and opportunities

- IPCC 1.5 degree report
 - Nationally Determined Contributions do not add up to 1.5-2 degrees
- Carbon pricing
- Funding
 - Decrease in climate finance from Global Environment Facility 7
 - Green Climate Fund
 - Education, public awareness (2/6)
- Effects of climate change is regularly felt across the world and needed solutions are available, in use and economical

Questions & Discussion
