III) Elements related to the process

In order to support the abovementioned substantive recommendations, the working group is also to recommend to the General Assembly that it:

Alt. Circulates these recommendations for the consideration of States and also make them available to the Secretariats of the different International Environmental Agreements.

Alt alt. Proposes to UNEA that on its 5th session to take place in February 2021 in Nairobi, Kenya, to consider the adoption of a resolution or a political declaration, that focuses on fostering political will, increasing the provision of means of implementation and generating synergies, in line with the recommendations of the OEWG, with the support of UNEP.
