**Invitation to provide feedback on revised AHEG intersessional Roadmap**

We appreciate the presentation of the roadmap and information received from UNEP to build upon our comments/inputs.

1. Encouraging and integrating local governments/councils with certain degree of autonomy and mandate of independency to join the upcoming webinars in order to share best practices and challenges in eliminating marine plastic litter and micro plastic (potential response options and stocktaking) with the goal of further progressing the fight against marine plastic and micro plastic faster to catch up with proposed and define deadlines

2. The proposed case studies on the analysis of effectiveness should take into consideration the legal framework, and development challenges of the different continents/ regions to foster South- South cooperation to better contribute to the activities towards the elimination of discharge of marine plastic litter and microplastic into Oceans.

3. There is need for an additional webinar to present a comprehensive outlook, systemic understanding and interlinkages of the key outcomes and take a ways of all the upcoming webinars.

4. Encourage the United Nations Ocean Conference 2021 preparatory committee members and One Planet Network Team to join the upcoming webinars for a more inclusive interactions and discussions in the elimination of discharge of marine plastic litter and microplastic.
