

2020 KINGDOM OF ESWATINI WORLD OZONE DAY

The Kingdom of Eswatini observed World Ozone Day with an event that was attended by the Honorable Minister of Tourism and Environmental Affairs, who gave the keynote address. Other speakers were the UNDP Deputy Resident Representative, the Eswatini Environment Authority (EEA) Board Chairperson and one of the Directors from the National Ozone Unit (NOU). Due to COVID-19 restrictions, the event was held with minimum participation. The event was organized by the National Ozone Unit, Eswatini.

For the occasion, the NOU also produced and distributed to participants awareness-raising material – facial masks, hand sanitisers, and social distancing stickers all branded.

Below are photographs taken during the event.
